Dr. Seuss's malevolent allegiance to Donald Trump
Has the Democrats increasingly focused on their preoccupation with dust
swirls of cancel culture.

Thankfully, rainbows in the United States since the end of
reconstruction have been grayed by the filibuster.

Escalation of radicals in a galaxy a billion light years away
Is where excessive gerrymandering strangles ballot access,
Not here.

The beach tree of liberty,
Scarred and now healed,

Has been wantonly carved into by Democrats and Republicans
Making it impossible to grasp the moment's increasing embrace.
So, my hair has gone gray.
